

# ICE DEFENSE™

PRO SERIES  
COLD-WEATHER FISHING TECH

LEVERAGE  
THE POWER OF

## THERMAL FLOW

### PRO SERIES

- ✓ CIRCULATES WATER TO AVOID FREEZING ICE HOLES
- ✓ WORKS IN EXTREME WEATHER PAST -20° F
- ✓ MOUNTS TO ANY BRAND OF FLASHER OR CAMERA
- ✓ MINIMAL POWER CONSUMPTION

### CONNECTS TO YOUR FLASHER OR CAMERA SYSTEM

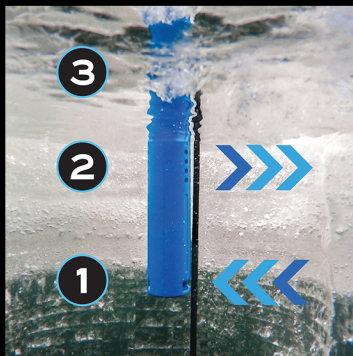

- ✓ Compatible with all flashers and cameras.
- ✓ Incredibly lightweight and portable.
- ✓ Powers off 12V Battery with minimal draw.

#### INCLUDES:

- Quick Connect Battery Terminal Adapter
- Multi-Connect Terminal Fasteners
- Quick Connect Transducer Line Clip
- Universal Velcro Strap
- Nylon Carrying Case
- Cold Nation Decal

#### COMPATIBLE WITH:

- Vexilar, Marcum, Lowrance, Humminbird, Aqua-Vu, Garmin & Most Wheel House Brands.

### HOW IT WORKS

- 1 Draws in warmer water from below.
- 2 Expels warmer water through discharge ports.
- 3 Creates thermal flow on surface to defend against slush & ice build-up.

#### SPEED CONTROL

Adjust the Ice Defense™ speed control for better flow to defend against extreme weather.

#### POWER REQUIREMENTS:

- 12V Battery Recommended or Any DC Power Supply. Battery Not Included.
- Additional Quick Connect Power Adapters Sold Separately.
