ABOUT THE ROD GLOVE

From pros to leisure fishermen, the fishing industry loves THE ROD GLOVE! The Rod Glove fishing rod covers were designed to make organizing and protecting your fishing rods easy and hassle-free.

FILLING A NEED IN THE FISHING INDUSTRY

The Rod Glove was started in 2010 by avid bass angler Jim Van Ryn. Jim identified a need in the marketplace for a product that would give anglers a way to protect and organize their fishing rods. He knew that to make this idea work, the product had to be simple and functional from a design perspective, and fashionable and customizable from a color and pattern perspective.

The Rod Glove was developed to meet all of these needs. Its smart construction and design, multiple color options, top quality, and competitive price point have been meeting our customers' rod protection and organizational requirements ever since. Since the Rod Glove began, we have expanded our product line to include other great designs and products.

FORM & FUNCTION

The Rod Glove epitomizes simple, straightforward functionality. The 'tapered tip' design, and tough high-quality material used in its construction mean that the Rod Glove is easy to use and stands the test of time. With a selection of 21 colors, not only can you personalize your Rod Glove to compliment your tastes, you can also color code to better organize your fishing rod collection. The Rod Glove will protect the investment that you have made in your fishing rods, making them last longer and keeping them in good shape! The Rod Glove is great for:

- Organizing Rod Lockers
- Co-Anglers
- Eliminating Tangles
- Organizing Your Rods by Color

OUR CUSTOMERS COME FIRST

The Rod Glove set out to create a product that would truly work hard for our customers, and we've extended that philosophy to our customer service practices. Over the years, we've gained a reputation for working hard for our customers, and providing the highest quality service possible. We pride ourselves in the fact that competitive pricing and great customer service are trademarks of the Rod Glove.

PROS PAGE

MEET THESE FISHING PROS WHO LOVE THE ROD GLOVE!

Our high quality fishing rod protectors consistently live up to the high standards of some of the most talented professional anglers in the fishing industry. We are incredibly proud that this great group of professional anglers stands behind The Rod Glove.

GERALD SWINDLE

A two-time Bassmaster Elite Series Angler of the Year (2004, 2016) and one of the most popular anglers in the world, Gerald Swindle has collected more than 60 Top 10s, two tour-level wins, and over 2.5 million dollars in career winnings. Gerald joined The Rod Glove team in 2010 and has been a major representative for the brand ever since.

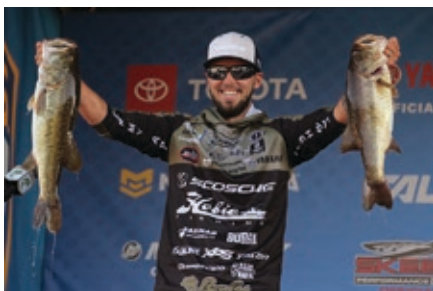

When Gerald, also known as 'G-Man', is not fishing, he loves to spend time hunting, hiking, or pursuing his love of muscle cars.

BRANDON PALANIUK

An Idaho native, Brandon Palaniuk burst onto the national bass scene when he won the BASS Federation Nation Championship on the Red River in 2010 and followed that up with a Top 5 finish three months later in the 2011 Bassmaster Classic. Since then, he's been consistently excellent: he was the 2017 Elite Series Angler of the Year, and has registered multiple Top 10s and Top 5 wins.

When Brandon isn't competitively fishing, he enjoys Elk hunting, videography, snowboarding and world record bass chasing!

CARL JOCUMSEN

Carl's passion for fishing has been with him from a very young age. Something about fishing intrigued Carl from the start: the unknown, the adventure, and getting out just with his mates after school in his home country of Australia.

Now Carl finds himself as a full time professional angler on the Bassmaster Elite Series. He has the heart of a champion and is always a threat to win an event on the Bassmaster Elite tour.

CASTING ROD GLOVE

When developing the Casting Rod Glove Series, we set out to find the perfect lengths and the best diameter for casting rods.

The expandable diameter of 5/8" to 1 5/8" allows you to slide this Rod Glove easily over your casting rods, and after working with rods from several different manufacturers with many different rod handle configurations, we are confident we have the best lengths in the market!

No more fighting the sleeve over the last line guide. This style of Rod Glove is the nicest fit for casting rods on the market today!
