**- FLAMBEAU LEGACY -**

**A HISTORY DEDICATED TO MOLDING A PASSION FOR THE OUTDOORS**

It's about providing quality tools of the trade for the fight at the end of the line. It's about a brand that anglers rely on to live the thrill of catching fish. It's about time well spent in the pursuit of a passion, a lesson learned, a tradition continued, or a memory made on the water, the best ones often with family and friends. It's about seven decades of dedication to innovative products that are

**BUILT TO FISH. BUILT TO LAST™.**

As a family owned company from its foundation in 1947, that very philosophy remains the backbone of our brand and serves as the origin story of our logo—shared memories hunting and fishing by the Sauey family under sunrises over the Flambeau River. Over 75 years later, our company remains devoted to providing quality fishing products that are more than just stand-alone tackle storage solutions—we provide a legacy as a heritage brand that stands behind its product as the sportsman's and sportswoman's constant partner in the outdoors.

The first to provide anglers with tackle storage solutions infused with the power of Zerust® anti-corrosion technology, we innovate to succeed through meaningful and lasting differentiation. Constantly revisiting the drawing board to engineer the best products possible for today's anglers, we seek improvement and prosper with an attitude of personal accountability.

For past generations and generations to come, we are Flambeau Outdoors.

**PRESERVE. PERFORM. REPEAT.**

*(1947) The Halik Frog,  
Flambeau's first product.*

**BUILT TO FISH. BUILT TO LAST.™**

# - A LEGACY OF INNOVATION -

WATERPROOF ULTIMATE TUFF TAINER  
MODEL # WP4005

# BUILT TO FISH. BUILT TO LAST.

**AND BEST**  
THE ORIGINAL ANTI-CORROSION TACKLE PROTECTORS

## ANTI-RUST PROTECTION

Exclusive providers of Zerust®  
infused VCI vapor emission  
technology that protects your gear.

## WHAT'S YOUR TACKLE WORTH?

Tackle storage solutions worth  
their weight in gold, or at least  
the tackle in them.

## SAFE AND NON-TOXIC FORMULA

Yeah, you can eat your lunch  
right out of the box.

Blanketing your tackle with 360-degree rust protection actually isn't all that complicated. Easy for us to say, we pioneered the technology a decade ago, and have been perfecting it ever since. We're proud of our heritage as your partner out on the water; innovating, designing, and solving problems one divider at a time.

BUILT TO FISH. BUILT TO LAST.™

TECHNOLOGY

## - EFFORTLESS RUST PREVENTION -

### **PRESERVE. PERFORM. REPEAT.**

Flambeau's **EXCLUSIVE Zerust®** products are the absolute best way to protect your gear from rust and corrosion.

**What is Zerust?** A VCI polymer technology molded directly into Flambeau plastics that provides years of hassle-free, long-lasting protection.

**How does Zerust work?** Zerust-infused plastics emit an odorless, harmless vapor in a contained area to naturally form a protective layer around exposed, clean metal surfaces to prevent oxidation-reduction and stop rust and corrosion.

**IT'S IN THE PLASTIC**

**Zerust** is molded directly into many Flambeau utility box dividers and products. Look for the Zerust shield logo to see which products contain this exclusive technology.

Zerust® is a registered trademark of Northern Technologies International Corporation (NTIC)

# Zerust<sup>®</sup> MAX Series

## EXTREME ENVIRONMENT

### MINIMUM 5-YEAR PROTECTION

### FULLY INFUSED PRO-GRADE ZERUST<sup>®</sup> ANTI-CORROSION PROTECTION

*There's a reason why the U.S. military turned to Zerust-infused solutions to safely protect advanced weapon systems stored on the decks of naval ships during transoceanic voyages—uncompromising anti-corrosion protection for the harshest marine environments.*

*The new Zerust MAX Tuff Tainer line builds on our legacy as the pioneering force and industry leader in anti-corrosion tackle storage innovation to offer anglers an enhanced level of Zerust VCI vapor technology now impregnated directly into the entirety of each box. The result is unmatched rust prevention performance for years of protection in the most extreme environments.*

**BUILT TO FISH. BUILT TO LAST.™**

# - SPOON TRUNK™ -

**Fully-infused with Zerust<sup>®</sup> Technology**

*A sharp hook and something shiny will catch just about every species of fish. A bold statement that spoon styled lures have been justifying for generations. Whether your trolling for walleye and pickerel throughout the Midwest and Canada, ledge fishing for bass on Kentucky Lake, or jigging for jack along the coast; corrosion is determined to change those spoons from shiny and sharp to dull and pitted like those long-forgotten lures dangling from your local causeway.*

*The Zerust<sup>®</sup> MAX Spoon Trunk's innovative storage insert offers 63 slots sized to securely fit spoons up to 5" in length. The storage insert offers a rigid plastic exterior with a soft foam interior, providing the perfect amount of structure and protection needed to keep spoons secured in place and free from harm of one another when navigating rougher water. The Spoon Trunk, infused with an enhanced level of Zerust<sup>®</sup> VCI vapor technology, provides effortless rust prevention in extreme marine environments for a minimum of 5 years. **BUILT TO FISH. BUILT TO LAST.***

# MINIMUM 5-YEAR ANTI-RUST PROTECTION

Carton Weight: 9.4 lbs.

**BUILT TO FISH. BUILT TO LAST.™**

BUILT TO FISH. BUILT TO LAST.™

## - BLADE KRATE™ -

*For over 70 years, bladed baits have glided above submerged hydrilla, ripped through dense lilly pads, and run adjacent to fallen trees to make them a timeless staple in any angler's tackle boxes. At the top of the list stands the king of blade baits, the spinnerbait, along with the prince of blades, the chatterbait. These classic, versatile lures rightfully deserve a tackle storage solution of equal prestige and versatility. Enter the Blade Krate, a specialized storage system designed to finally give the angler organization satisfaction for any arsenal of bladed, skirted, and inherently prone to tangle fish favorites.*

*Featuring 21 Zerust-infused anti-corrosion plastic folders designed to hang 2 lures each via integrated clips, all hooks, skirts, and blades are individually protected and preserved in removable billfold-style clams for tangle-free storage. The Blade Krate offers organization for 42 bladed lures in a compact footprint spec'd to fit standard tackle bags and boat compartments. The simple, ergonomic filing cabinet design allows for modification to create up to 3 bulk storage compartments when a section of folders is removed for accompanying soft plastic trailers. The purpose-driven functionality of the Blade Krate conveniently reorganizes the angler's priorities: more time fishing and less time fussing with a tangled mess of hooks, blades, and skirts. The Blade Krate is BUILT TO FISH. BUILT TO LAST.™*

2 lure clips per folder

Fully-infused with Zerust® Technology

Drainage holes

# MINIMUM 5-YEAR ANTI-RUST PROTECTION

## EXTREME PERFORMANCE PROTECTION FOR THE HARSHTEST ENVIRONMENTS

WP6025ZM ZERUST® MAX BLADE KRATE  
21 Folders, 3 Compartments

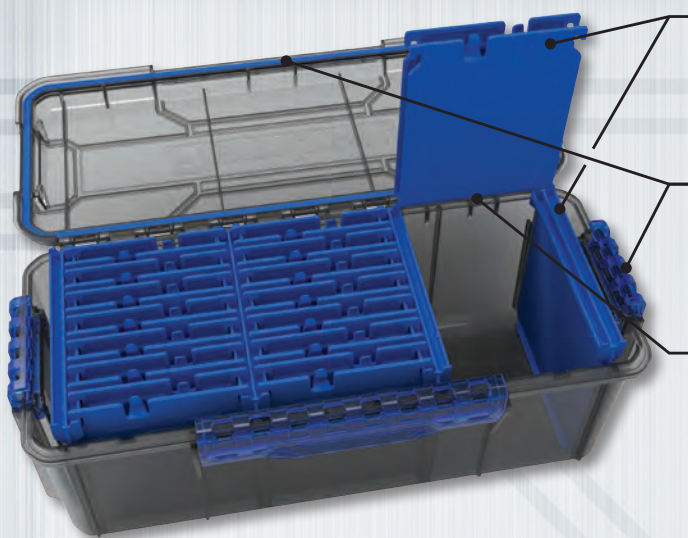

MADE IN U.S.A.

CAPACITY: 42 LURES

## SPINNERBAITS • CHATTERBAITS • BLADED LURES

- 21 removable bladed lure folders infused with Zerust® filed in a 3 compartment sliding rail system
- Individually organizes 42 bladed lures with 2 lure clips per folder for unprecedented tangle-free and easy-access storage
- Waterproof silicone gasket and 3 compression cam latches
- Removable folder sections allow customizable bulk storage compartments for soft plastic trailers in original packaging, leader spools, or tools
- Drainage holes in bottom of folders permit moisture runoff for lures put away wet
- Market standard 5000 series dimensional footprint for easy fit inside soft tackle bags and boat compartments
- Fully-infused with an enhanced level of Zerust® VCI vapor technology that provides effortless rust prevention for metal tackle in extreme marine environments for a minimum of 5 years
- *Proudly made in the U.S.A.*

Carton Weight: 17.2 lbs.

BUILT TO FISH. BUILT TO LAST.™

BUILT TO FISH. BUILT TO LAST.™

## - CRANK BANK™ -

*Keep your valuable hooks sharp and paint fresh one plug at a time. The Crank Bank's inventive system of 24 removable cups gives anglers fast access to individually stored and independently protected hard baits. Just pull, pour, and tie.*

*The simple, effective cup format eliminates the risk of playing barrel-of-monkeys out on the water or catching a treble hook when fishing for the right plug. The cups are sized to fit and securely store hard lures commonly spec'd for the following diving depth classes: round-bill crankbaits (15 feet or less), square-bills (8 feet or less), and jerkbaits (6 feet or less). The Crank Bank isn't just a vault for precious crankbaits, it's a convenient and versatile storage solution for spooks, poppers, frogs, and other hard sided baits outfitted with multiple hooks ready and willing to tangle. The Crank Bank is BUILT TO FISH. BUILT TO LAST.™*

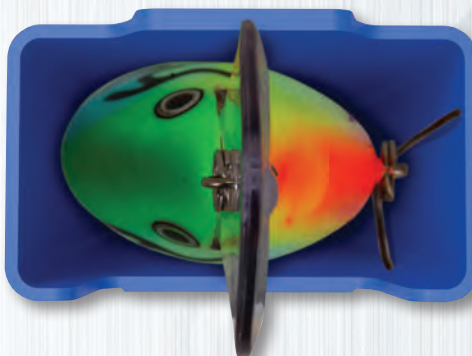

*Pull. Pour. Tie.*

# - LIVE BAIT STORAGE SYSTEMS -

BUILT TO FISH. BUILT TO LAST.™

**BUILT TO FISH. BUILT TO LAST.™**

# BAIT BUTLER™

## LIVE BAIT RETRIEVAL SYSTEM

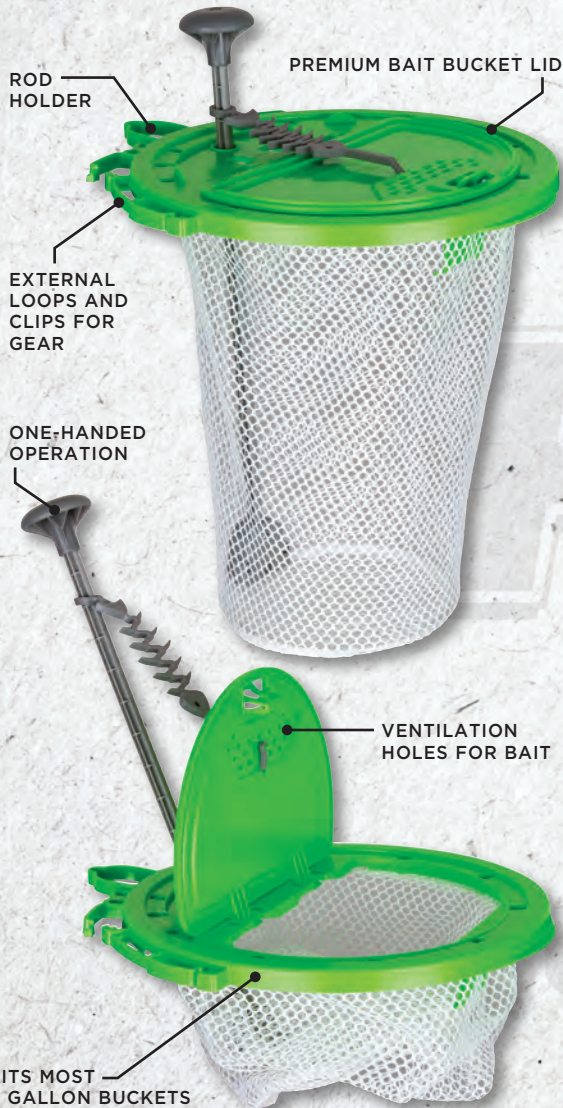

**BUILT TO FISH. BUILT TO LAST.™**

*The revolutionary new live bait retrieval system - the Bait Butler™ solves the #1 problem of fishing with live bait: fishing for bait in order to bait the hook to fish. Yes, it's a mouthful. And a hassle. It shouldn't be. **THE STRUGGLE STOPS HERE.***

**BAIT BUTLER™**  
**6092BB**

**QUICKLY COLLECTS  
AND BRINGS BAIT  
OUT OF WATER**

PATENT #9,101,123 B2

**We're responsible for passing along the passion and tradition to the next generation of anglers.** Giving a kid the rush of his or her first flurry of excitement at the end of a line is a surefire way to create a powerful memory if not get them hooked right then and there. Live bait is often the ticket for quick success and re-baiting is going to be frequent when fishing with kids.

With the Bait Butler, you now have a convenient teaching aid that a kid can instantaneously use to be part of the process. It's the little things that count. As simple as fetching bait may be, the Bait Butler makes it something that is now fun in the eyes of the kid.

**EASILY  
REFRESH  
WATER  
WITHOUT  
LOSING  
BAIT**

**LIGHT STICK ATTACHMENT  
FOR NIGHT FISHING**

Retail size (in box):  
13" L x 3.5" W x 14" D  
Product size:  
14.25" Dia. x 1.5" H

Packed: 6 per Carton  
Carton Size: 24" x 12" x 12"  
Carton Weight: 10.5 lbs.

BAIT BUTLER

STOP FISHING FOR BAIT. START FISHING SMARTER. LIVE BAIT RETRIEVAL MADE SIMPLE.

## INTEGRATED LID SYSTEM FETCHES LIVE BAIT FOR EASY SELECTION

Visit [flambeauoutdoors.com/videos](http://flambeauoutdoors.com/videos) to see the Bait Butler in action

1 Closed position keeps bait fresh and protected while fishing.

2 With a simple pull, the net collects bait and brings it to the surface while simultaneously opening the lid.

3 Basket rises above water level for easy selection—bump rod and the system resets, lowering bait back into the water and instantly closing the lid.

**INCLUDES:**  
**PORTABLE  
AERATOR ONE  
6080FA**

- Runtime: 40 hours
- (2) D batteries (Not included)
- Air hose and stone

(Bucket not included)

Packed: 6 per Carton  
Carton Size: 9.75" x 6.75" x 4.5"  
Carton Weight: 1.05 lbs.

## - BLUE RIBBON™ WATERPROOF FLY BOXES -

The Blue Ribbon™ Waterproof Fly Boxes are named after the trophy "blue ribbon" waters that all fly anglers dream of. Each fly box in the series features a 360-degree rubber gasket, a front cam locking system and external rubber bumpers to protect your flies.

Vertical Friction Foam™ (VFF) technology consists of rows of vertically slit foam that securely holds flies between the pads using friction without allowing the hook to pierce the foam.
