

ZEBCO®

2021 PRODUCT CATALOG

## Adventure is happening right now

In forests, on trails, up rock faces and down river valleys. Adventure is seeing new sights and discovering things with friends and family for the first time. Once experienced, you can't get it out of your system.

And the best part is, with Zebco, you never have to venture far to find it. It's right outside your door if you know where to look. So grab some friends and head on out. Adventure is waiting for you. All you have to do is...

## BULLET REEL

Appropriately named Bullet, it's faster than all spincast reels. It's even faster than 6.1:1 baitcasting reels and a size 20 spinning reel. Geared at 5.1:1, Bullet picks up an unprecedented 29.6 inches of line with each revolution of the handle — a handle that's padded with GripEm™ handle knobs.

- 29.6 IPT – fastest spincast ever
- 9 bearings (8 + clutch)
- Durable all-metal construction
- Oscillating quick change spool
- Precision machined brass gears
- Revolutionary ZeroFriction™ dual-bearing supported pick-up pin design

MODEL	WEIGHT OUNCES	MONO CAP YARDS/POUNDS	GEAR RATIO	IPT	BEARINGS
ZB3	13.9	90/10	5.1:1	29.6	8+1

Packaging: box & clam

## BULLET COMBOS

Equipped with a spincast reel faster than any other, the Bullet combo is built with a Bullet reel custom matched with a 6'6" two-piece IM8 graphite construction medium power rod, including a split WINN® Grip rod handle. Bullet combo comes pre-spoiled with 10 lb Zebco® line.

- IM8 graphite rod
- WINN® Grip rod handle
- Aluminum-oxide guides
- 29.6 IPT – fastest spincast ever
- 9 bearings (8 + clutch)
- Durable all-metal construction

BOLD & DURABLE

## ROAM REEL

Zebco has been making fishing easy and fun for over 50 years, and while Roam™ shares the same trusted internal components of the legendary 33 spincast reel, the cutting-edge 3D design brings upbeat vibes to anglers of all experience levels. Three internal bearings lead to smoother, longer casts and retrieves that result in catching more fish in tangle-free fashion. The soft touch handle knobs and thumb button add to overall comfort. Pre-spooled with 10 lb Zebco® Cajun Line®.

- All-metal gears
- Stainless steel front cover
- Patented no-tangle design
- QuickSet™ anti-reverse
- Soft-touch handle knobs
- Comfortable soft-touch thumb button design

MODEL	WEIGHT OUNCES	MONO CAP YARDS/POUNDS	GEAR RATIO	IPT	BEARINGS

## 33 FOLDS OF HONOR COMBO

For every Folds of Honor product purchased, ZEBCO is donating \$1 to Folds of Honor – a non-profit that provides scholarships to families of fallen or wounded soldiers.

Through educational scholarships, Folds of Honor is dedicated to giving back to the spouses and children of soldiers killed or wounded in service of their country. The foundation provides healing, hope and an opportunity for dreams to be realized — and all with help from people like you. The 33 Folds of Honor spincast combo is built with all-metal gears and a durable fiberglass rod to provide durability for many fishing trips to come.

The Folds of Honor Foundation is rallying a nation to ensure no family is left behind on the fight to preserve American freedom. Through scholarships and other assistance, they give back to spouses and children of soldiers killed or disabled in service to our country. They provide healing, hope and an opportunity for dreams to be realized... with the support of people like you. Built with 6 bearings for smooth casts and an aluminum spool for increased strength, the 33 Folds of Honor spinning combo brings together durability and smooth performance.

- Durable fiberglass rod
- Camo EVA rod handle
- D-Ring guides
- All-metal gears
- Patented no-tangle design

## 808 REEL AND COMBO

NEW

Tough, durable and dependable. The 808, Zebco's largest spincast reel, was created to reel in those big catches. The 808 features a hardy anti-reverse system and a push-button that's anchored to the body of the reel for a much more solid feel. The 808 combo is paired with a heavy-duty fiberglass rod that provides plenty of leverage during big catches when you need it most.

- All-metal gears
- Ceramic pick-up pin
- Dial-adjustable Magnum™ drag
- Durable fiberglass rod
- Extended EVA handle
- Built-in Hook Keeper™

## 808 SALT FISHER REEL AND COMBO

NEW

Featuring a tough-yet-sleek design and a durable corrosion-resistant construction, this 808 Salt Fisher reel will look and perform great in even the harshest saltwater environments. The stainless steel front cover and stainless steel hard chrome plated spinner head keep out unwanted water and dirt to prevent corrosion within the reel. The simple push-button mechanics and oversized power knob make this heavy-duty reel a trusted Zebco favorite.

- All-metal gears
- Brushed stainless steel front cover with ABS insert
- Stainless steel hard chrome plated spinner head
- Durable fiberglass rod
- Extended EVA handle
- Built-in Hook Keeper™

## FOLDS OF HONOR COMBO

For every Folds of Honor product purchased, ZEBCO is donating \$1 to Folds of Honor – a non-profit that provides scholarships to families of fallen or wounded soldiers.

The Folds of Honor Foundation is rallying a nation to ensure no family is left behind on the fight to preserve American freedom. Through scholarships and other assistance, they give back to spouses and children of soldiers killed or disabled in service to our country. They provide healing, hope and an opportunity for dreams to be realized... with the support of people like you. The Folds of Honor spin-cast combo is equipped with a ball bearing system and QuickSet™ Anti-Reverse for reliable performance, cast after cast.

- Durable fiberglass rod
- Aluminum-oxide guides
- Comfortable EVA rod handle
- All-metal gears
- Patented no-tangle design
- Pre-spooled with 10 lb Zebco® line

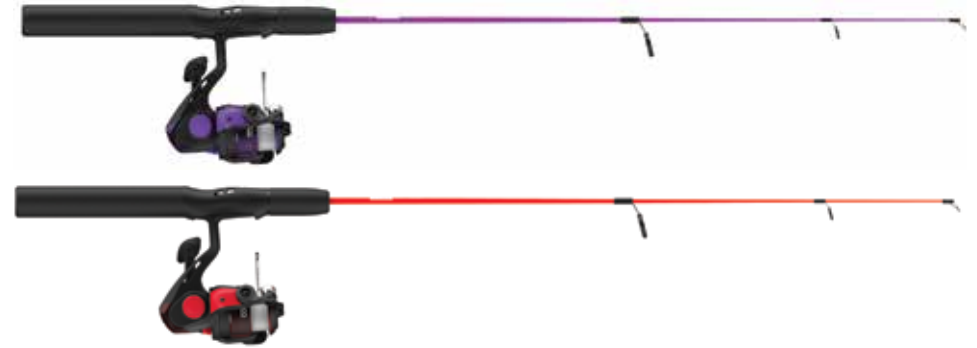

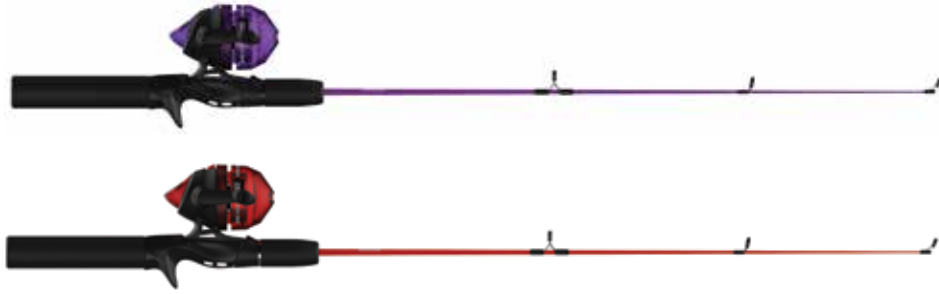

Through educational scholarships, Folds of Honor is dedicated to giving back to the spouses and children of soldiers killed or wounded in service of their country. The foundation provides healing, hope and an opportunity for dreams to be realized — and all with help from people like you.

- Durable fiberglass rod
- Aluminum-oxide guides
- Comfortable EVA rod handle
- All-metal gears
- Front-adjustable drag

## BITE ALERT COMBOS

The lights get brighter and the battery lasts longer. Zebco's patented Bite Alert™ system provides both visual and audio indications when a fish begins to tug the line. Bite Alert™ has always had a loyal following among serious-minded users of heavy-duty combos, but batteries often fell short on longevity. Now it's improved because there's only one battery instead of two, and it lasts much longer. Plus, the light is now green instead of red, making it more visible to anglers that often chase catfish at night. Combos are equipped with a 7' medium-heavy power rod—with high-visibility green tip—and come pre-spooled with 20 lb line. Includes one CR2032 battery.

- Durable fiberglass rod
- Electronic Bite Alert™
- Built-in Hook Keeper™
- 2 bearings (1 + clutch)
- High-visibility green tip
- Pre-spooled with 20 lb Zebco® line

# RHINO REELS AND COMBOS

Rhino spincast reels have become legendary for their award-winning design and rugged reliability. Featuring all-metal gears and a 3-bearing drive system the RSC series will stand up to any fishing situation you could possibly throw at them. This reel is built Rhino tough, so you don't ever worry about equipment failure when it counts most.

The rugged, tough, and award-winning Rhino spincast reel comes together with a heavy-duty cross-weave rod to create an unstoppable fish catching combo. Built with all-metal gears and Rhino-Tough™ roller-adjustable drag in the reel and heavy-duty guides with a solid stainless-steel tip to protect against guide damage on the rod, the Rhino combo came prepared to overpower even the largest fish.

- All-metal gears
- Comfortable soft-touch thumb button design
- QuickSet™ Anti-Reverse

TRUSTED & TOUGH

# RHINO RODS

Rhino series of rods are built on a reputation of affordable toughness. Starting at the rod tip, heavy-duty stainless-steel guides prove formidable where abuse and breakage frequently tend to occur. Moving down the blank you'll find line guides that are super tough yet silky smooth for free line flow. The un-sanded brute-tough blank itself is made of cross-weave construction for a tougher, more stable blank design. Rhino tough rods are backed by a 10-year warranty.

- 10-year rod warranty
- Heavy duty cross-weave rod
- Heavy-duty guides with solid stainless steel tip
- Comfortable EVA rod handle
- Built-in Hook Keeper™
- Stainless D-frame tip guide

PROTECTS ON-THE-GO

## ROD CADDY

The Zebco Rod Caddy is a must have for your 2-piece combo, providing three great benefits in one product. Two tubes tethered by a strong elastic strap provide an easy means of capturing your 2-piece combo together. The elastic strap also provides for an over-the-shoulder transportation method, and the reinforced polymer tubes provide protection for your rod tip and handle.

- Protects rod tip
- Elastic strap
- Fits 2-piece rods 5'6" to 7'0"

# SMOKE S3

BAITCAST REELS

You don't build a product this exceptional by going with the flow. So while most of the fishing industry focuses on smaller reels with tiny spools, Quantum engineered a larger 35.5 mm spool into a very compact frame to provide anglers plenty of line capacity, longer casts, and more inches of line pick-up with every turn of the handle, compared to smaller spooled reels currently littering the fishing industry. However spool size becomes somewhat irrelevant without a top-notch braking system, so Quantum performed a tremendous amount of engineering research to develop an ACS 4.0™ cast control that is lighter in weight which minimizes the amount of energy it takes to get the spool spinning on a cast, along with additional brakes that disengage around 5,000 RPMs to maximize distance.

- ALUMINUM X-FRAME
- MICRO-ADJUST ACS™ 4.0 CAST CONTROL
- ZERO FRICTION™ PINION DESIGN
- CERAMIC CARBON DRAG SYSTEM
- OVERSIZED SPOOL TECHNOLOGY
- GULL WING SIDE COVER

# SMOKE S3

SPINNING REELS

Using Reel Engine Design 2.0™ – Quantum's Smoke® S3 series is a spinning reel in an all aluminum unibody construction, which keeps all the gears and key components in precise alignment for a smoother more durable reel, versus more typical 2-part reels. Speaking of gears, Smoke® S3 reels feature an asymmetric gear that is forged and machined from high-strength aluminum to allow the gears to mesh better for incredible durability and smoothness.

- R.E.D™ ALUMINUM UNIBODY DESIGN
- PLASMA ARC CERAMIC CARBON DRAG SYSTEM
- C4LF CARBON FIBER ROTOR
- NITI™ INDESTRUCTIBLE TITANIUM BAIL
- SUPER SMOOTH OSCILLATION
- ASYMMETRIC PERFORMANCE GEAR DESIGN

CASTING RODS

One look at Vapor™ and you'll be hooked. A super rich cosmetic package combines good looks with elite level performance. Vapor is designed with very fast tapered HSX60 high strain Toray graphite for incredible sensitivity and enough backbone to pull fish from the nastiest cover. The series is finished off with premium cork handles, Kigan® aluminum oxide guides, and a one-piece ACS style reel seat.

# VAPOR

SPINNING RODS

It's love at first sight with Quantum's Vapor™ spinning rods. Boasting a rich cosmetic package and elite-level performance, Vapor is designed with enough backbone to pull fish out from even the deepest cover. Built with a fast tapered HSX60 high-strain Toray graphite, these rods have the perfect balance of sensitivity and strength. Vapor rods are completed with a Kigan® aluminum oxide guides and a premium cork handle.

# RELIANCE

SPINNING REELS

Built to take on any fish in any element. The Quantum Reliance is super durable, and equally at home in freshwater or saltwater. The water-resistant sealing and maintenance free design protects the reel's bearings, gears and other critical components from water, corrosion, sand and wear. With a durable aluminum body and forged aluminum spool the Quantum Reliance keeps on fighting long after lesser reels have called it quits.

- WATER-TIGHT SEAL
- CERAMIC CARBON DRAG SYSTEM
- DURA-LOK CLUTCH™
- PERFORMANCE GEAR DESIGN
- PERFORMANCE ANTI-CORROSION BEARINGS
- SALTGUARD PROTECTION

# RELIANCE

SPINNING COMBOS

The Quantum Reliance combo won't let you down, whatever the weather or wherever the water. It's as strong on saltwater as it is on freshwater, thanks to a water-tight, fully sealed and maintenance-free design that shields the reel's bearings, gears and other critical components from water, corrosion, sand and wear. The durable, aluminum-bodied spinning reel is paired with an equally-strong graphite rod for peak performance that's always in its element — long after its competitors fizzle out.

## SPINNING REELS

Smooth, fish-fighting performance at an even smoother price. This super-responsive, lightweight composite spinning reel offers the silky-smooth retrieves and drag performance found in reels costing more. Armed with a forged, double-anodized aluminum spool, Continuous Anti-Reverse™ clutch, and front-adjustable drag, it's a strategy no fish could figure out. Strategy™ reels are available in a wide range of sizes to target just about anything that swims.

- TRU BALANCE™ ROTOR
- FORGED AND MACHINED DOUBLE ANODIZED SPOOL
- LIGHTWEIGHT COMPOSITE BODY
- FRONT-ADJUSTABLE DRAG
- CONTINUOUS ANTI-REVERSE™ CLUTCH
- CHANGEABLE RIGHT- OR LEFT-HAND RETRIEVE

# HOT SAUCE OIL

REEL LUBRICATION

Quantum® Hot Sauce™ Reel Oil bonds molecularly with metal surfaces forming a permanent lubrication layer that will not wash off. This ultra-low viscosity lubricant allows unrestrained rotation of the crank handle, and supports a lightning-fast free spool spin to your reel. In addition, special additives assist the lubricant to molecularly bond with the base metal, creating superior corrosion protection that safeguards against the elements, ensuring optimum performance for the life of your fishing reel.

- 100% FULL SYNTHETIC REEL OIL
- SPECIALLY FORMULATED FOR FISHING REELS
- FIGHTS CORROSION BY FORMING A PROTECTIVE BARRIER
- LOW VISCOSITY ENHANCES FREE ROTATION AND GREATLY REDUCES NOISE
- IMPROVES CASTING DISTANCE

MODEL	DESCRIPTION	MANUFACTURED
HTSCEA	Reel Grease	United States

Packaging: clam

# HOT SAUCE GREASE

REEL LUBRICATION

Quantum® Hot Sauce™ Reel Grease provides smooth, long-lasting lubrication for all fishing reels. Its hydrophobic formula forces water away to prevent corrosion and structural breakdown. This formula will not deteriorate due to heat and wear, and is specially developed with ultra-low friction polymers that bond to all-metal parts to ensure optimum performance for the life of your fishing reel.

- 100% FULL SYNTHETIC REEL GREASE
- SPECIALLY FORMULATED FOR FISHING REELS
- FIGHTS CORROSION BY FORMING A PROTECTIVE BARRIER
- PREVENTS BREAKDOWN UNDER HEAVY LOAD AND EXTREME HEAT
- SUPERIOR ADDITIVES FOR LOW-FRICTION SURFACE, TO ENHANCE PERFORMANCE

MODEL	DESCRIPTION	MANUFACTURED
HTGRSA	Reel Oil	United States

# GLACIER

## ICE FISHING SPINNING COMBOS

**Glacier X Ice** features a lightweight graphite reel with a 3-ball bearing system and a continuous anti-reverse clutch for smooth performance and solid hook sets. Glacier X Ice comes with an aluminum spool for durability and solid carbon rod for strength while detecting the slightest strike. All combos are equipped with a colored EVA handle for added comfort while reeling in your catch.

**Glacier XT Ice** features a lightweight graphite reel with a 5-ball bearing system and a continuous anti-reverse clutch for smoother performance and solid hook sets. Glacier XT Ice comes with an aluminum spool for added durability and a solid carbon rod for added strength while detecting the slightest strike. All combos are equipped with 1-piece graphite rod with a cork handle for sensitivity to keep you in touch.

**Quantum XTi Ice** features a lightweight graphite reel with a Reel Engine Design™ for superior freeness. It is equipped with an 8-ball bearing system and a Continuous Anti-Reverse™ clutch for smooth performance and solid hook sets. This combo has an aluminum spool for durability and a solid carbon rod for added strength while detecting the slightest strike.

# SMOKE S3 INSHORE

SALTWATER SPINNING REELS

Using Reel Engine Design 2.0™ – Quantum's Smoke S3 series is a spinning reel in an all aluminum unibody construction, which keeps all the gears and key components in precise alignment for a smoother more durable reel, versus more typical 2-part reels. Speaking of gears, Smoke S3 reels feature an asymmetric gear that is forged and machined from high-strength aluminum to allow the gears to mesh better for incredible durability and smoothness.

- R.E.D™ ALUMINUM UNIBODY DESIGN
- PLASMA ARC CERAMIC CARBON DRAG SYSTEM
- NITI™ INDESTRUCTIBLE TITANIUM BAIL
- ASYMMETRIC PERFORMANCE-TUNED GEAR DESIGN
- PERFORMANCE ANTI-CORROSION BEARINGS
- SALTGUARD PROTECTION

# CABO

## SALTWATER SPINNING REELS

There's a reason that Cabo has been one of our most popular saltwater reels for over a decade. The latest Cabo series is built for long-lasting, fish-stopping performance – from the indestructible TiMag® bail to the multi-layer corrosion protection.

- SCR™ ALUMINUM BODY AND SIDE COVER
- MAGNUM CSC™ DRAG SYSTEM
- NITI™ INDESTRUCTIBLE BAIL
- CONTINUOUS ANTI-REVERSE™ CLUTCH
- SALTGUARD PROTECTION
- MAXCAST 2.0

# ACCURIST INSHORE

SALTWATER BAITCAST REELS

# ACCURIST INSHORE

SALTWATER SPINNING REELS

Accurist® S3 Inshore baitcast reel features performance anti-corrosion bearings. The Flippin' Switch™ has been removed on the Inshore models to reduce chances of water entering the gear side cover. It also sports performance features, from the sturdy, one-piece aluminum frame and zero friction pinion design to the silky-smooth ceramic drag system.

Accurist® S3 spinning series sets a market standard with ultra-refined and design packed high-end technologies. Accurist® S3 Inshore features performance anti-corrosion bearings to provide additional protection from corrosion while fishing in harsh saltwater environments. The Dura-Lok™ clutch is redesigned for lock-up power, durability and improved cold temperatures performance, nickel titanium bail, and much more.

- ONE-PIECE ALUMINUM FRAME
- MICRO-ADJUST ACS™ 3.0 CAST CONTROL
- ZERO FRICTION™ PINION DESIGN
- CERAMIC CARBON DRAG SYSTEM
- PERFORMANCE ANTI-CORROSION BEARINGS
- SALTGUARD PROTECTION

- R.E.D™ ALUMINUM UNIBODY DESIGN
- CERAMIC CARBON DRAG SYSTEM
- NITI™ INDESTRUCTIBLE TITANINUM BAIL
- PERFORMANCE GEAR DESIGN

# BLUE RUNNER

SALTWATER SPINNING REELS

Blue Runner™ reels are solid performers that have been an affordable part of Quantum's saltwater line up for years. Built with a forged and machined aluminum spool, a strong lightweight composite body, and a corrosion resistant finish, the Blue Runner reel is crafted to catch catfish and striper.

- STRONG LIGHTWEIGHT COMPOSITE BODY**
- FRONT-ADJUSTABLE DRAG**
- FORGED AND MACHINED ALUMINUM SPOOL**
- BALL BEARING SYSTEM**
- CORROSION RESISTANT FINISH**
- MULTI-STOP ANTI-REVERSE**
