HANG-ONS

A HIGHER STANDARD

## TNT SIGNATURE SERIES

Each TNT SIGNATURE SERIES hang-on treestand, comes equipped with 3 TNT Universal “V” Brackets and 3 heavy duty ratchet assemblies. These brackets install in seconds, and once secured properly to the tree, the stand simply drops into the bracket. This system offers the ultimate in portability and versatility, increasing safety during installation and reducing the risk of treestand theft. Prior to the hunting season, multiple brackets can be installed, allowing the hunter to change stand sites quickly and quietly with one stand, as weather or animal patterns change, while maintaining pre-existing shooting lanes.

The Signature Series stands also feature our multi-position leveling stem, which allow for leveling the seat and platform in unison, for those leaning and less than perfect trees.

TNT UNIVERSAL “V” Brackets are available separately as accessories.

**ALWAYS WEAR YOUR CERTIFIED HARNESS!**

- WEIGHT CAPACITY: 300 LBS

**MAP: \$199.99**

SELF-CLIMBERS

A HIGHER STANDARD

## TNT SELF-CLIMBERS

The TNT SC-1 and the TNT SC-1A self-climber treestands, are dual bark-biting "V" bar engagement system, stand-up/sit-down climbers, that feature our quick and easy, rivet lock attachment system. This system allows the stand platform and seat frame, to be connected to the tree effortlessly and quietly in seconds, then uses locking spring pin attachments, for security. Once reaching your desired climbing height, two LD ratchet straps are used to lock the climber in place for rock solid, and secure performance. These extra large self-climbing stands, which were designed with the bowhunter in mind, offer our easy push-back Superior Comfort mesh seat, which permits use of the entire platform, and provides everything needed for safe, quiet, and comfortable hunts over your preferred stand site. The stands fold flat to 6" for easy packing.

**ALWAYS WEAR YOUR CERTIFIED HARNESS!**

## TNT SC-1

- CARRYING STRAPS
- STAND WEIGHT: 21 LBS
- WEIGHT CAPACITY: 300 LBS

**MAP: \$429.99**

# TOWER BLINDS

A HIGHER STANDARD

## TNT TOWER BLINDS

CAMELOT is a castle.....the TNT CAMO'LOT, was designed to offer just that, a hunter's castle in the field. The tower comes standard with a 6' height, but with the CAMO'LOT extension kit, it reaches a height of 12'. A reinforced platform, safety tubes on the platform floor, mid height security rods in the rails and a heavy duty ladder, allow for a secure foundation and comfortable climb. Once in the tower, a see through sheer camo material allows you to have 360° viewing, and ample windows in strategic positions in the blind, allows for plenty of shooting opportunity. A 48" x 48" platform also offers enough room for two large hunting partners.

**ALWAYS WEAR YOUR CERTIFIED HARNESS!**

### TNT CAMO'LOT TOWER BLIND

- 2 PERSON QUAD TOWER STAND
  - 360° SHEER CAMO BLIND
  - TOWER FEET SECURITY PEGS
  - HEIGHT TO PLATFORM: 6'
  - HEIGHT TO PLATFORM WITH TOWER ACCESSORY KIT: 12'

  - PLATFORM SIZE: 48" X 48"
  - STAND WEIGHT: 98 LBS
  - EXTENSION WEIGHT: 81 LBS
  - WEIGHT CAPACITY: 600 LBS
- MAP: \$489.99**  
\* CAMO'LOT 6' EXTENSION KIT SOLD SEPERATELY (MAP \$199.99)

# TNT CLIMBING SYSTEMS

The TNT CS533, features 5 x 36" sections, weighing 3.5 lbs. each. These all welded steel ladders provide the versatility and portability required, for the hunter that wishes to maximize the effectiveness of the TNT Universal Receiver Bracket, Hang-On system. With the use of our secure double loop cam buckles over TNT toggle attachment, these ladders install very safely, securely and quietly to the tree, in seconds.

This system also allows you to reach your preferred height, without exaggerating the spacing between sections, thus keeping a safe and comfortable climbing environment. These individual sections may also be positioned on the tree, to allow you to maneuver around branches, thus eliminating the need to remove the natural cover around your stand site. The five sections pack together snugly, to allow for easy transport.

## TNT CS533 CLIMBING STICKS

- UNIQUE TNT TOGGLE ATTACHMENT SYSTEM DESIGN
- 5 INDIVIDUAL SECTIONS
- HEIGHT PER SECTION: 36"
- REACH HEIGHT OF 20' - 22' COMFORTABLY
