

## WHO WE ARE

Waterfowl Hunting is a sport steeped in history with a rich tradition of camaraderie and conservation. Throughout the years man's passion for hunting wildfowl has not wavered but the equipment used in his quest to lure these majestic creatures into gunning range has changed dramatically. Sink boxes and punt guns from the days of the market hunter to layout blinds and auto-loaders of the modern era; the tools of the trade have changed vastly and each generation has left their mark on this great sport.

DOA Decoys has taken aim to leave its mark on only one aspect of this great sport; The Gunning Decoy. We spent months reviewing the art portfolios of some of the most renowned waterfowl carvers in North America and stumbled upon not one but two world class, world champion carvers who would combine their unrivaled mastery of wildfowl carving to create the perfect line of gunning decoys. Victor Paroyan and Glenn Ladenberger have taken on our challenge to create our line of decoys starting with our full body Canada Geese and we're thrilled to be working with the best in the business!

### #450000 Rogue Series Full Body Canada Goose Decoys

Package Includes: 6 Pack - 3 Feeders, 2 Actives and 1 Sentry

The Rogue Series from DOA Decoy Company is the pinnacle of modern goose decoys. We hired two of the best wildfowl carvers in the world to create the most anatomically correct, realistic decoys ever brought to market. Our exclusive 8-step paint process layers colors and highlights the incredible detail of our molds to bring each decoy to life. Our Vulcanized Plastic is a blend of HDPE and rubber, creating a full body goose decoy which can withstand an amazing amount of abuse, and its porous properties give the decoys unrivaled paint retention. Each decoy is also equipped with DOA's revolutionary "HEX" base and motion system. The HEX base is an oversized hexagon with a stabilizing cross member to keep the decoys upright even in high wind situations. The molded motion cone is recessed into the decoys giving them smooth life-like movement even in the lightest winds.

# DECOY BAGS

**#450022 12-Slot Duck Floater Bag**

**#450021 6-Slot Goose Floater Bag**

**#450020 6-Slot Full Body Goose Bag**

DOA Decoys are built to be ruggedly tough but sometimes being organized during transportation is a must. That's why we have designed bags to be user friendly and provide a storage solution to fit any situation. We offer 3 different bags, each featuring carry handles and foam-padded sides allowing each bag to stand on its own while you are loading them. We've also incorporated a quick drain bottom so moisture is quickly drained from the bag allowing the decoys to dry faster. The #450020 6-Slot Full Body Goose Bag also features a dust cover, base storage area and a shoulder strap for those times you need to walk your equipment into the field.

## FEATURES:

- Water-Resistant Fabric
- Sewn-in Carry Handles (for ease of transport)
- Foam-Padded Sides (protects your Decoys and allows bag to stand on own)
- Quick Drain Bottom (allows your Decoys to dry faster)
- Dust Cover (#450020 only)
