GIRLSWITHGUNS

In a particularly stormy fall of 1970, our owner embarked on a journey to make the best gun cases your hard-earned money could buy. Today, ALLEN Company still operating under the same family ownership, has expanded from gun cases into other outdoor product categories like; Shooting Essentials, Tactical Gear, Hunting and Archery Accessories. A lot has changed as we celebrate our 50th anniversary, but what hasn't changed is the pride of being a Colorado company dedicated to preserving product value and promoting the Heritage of these Outdoor Activities our customers so passionately enjoy.

We thank you for your role in this American Pioneering Story.

ALLEN Company - family owned since 1970

WE'VE MOVED TO OUR BRAND NEW HEADQUARTERS IN LOUISVILLE, COLORADO

1970

THE BEGINNING

ALLEN Company was founded in April of this year and began immediately making first gun case production in a shared warehouse serving as the original headquarters.

1978

DETERMINATION

Due to increasing customer demand, headquarters of the company were moved from the original location to a new building 20,000 sq. ft. in size. In order to meet growing demand the owner sometimes slept on a fabric cutting table—just to make sure orders were manufactured and shipped on time to customers.

1986

NEW CATEGORIES

Due to demand, it was time to move again. As a result, the company made a long-standing move to 525 Burbank St. into a new building that was 90,000 sq. ft. in size. This building served as the corporate headquarters for the single longest period of time and saw the proliferation into many categories like; shooting accessories, tactical gear, eye/ear protection and rifle slings.

2013

GROWTH

In parallel with the overall market surge, this year marked a record for the highest unit production of cases that the company had ever produced in the domestic USA manufacturing operation. This record was achieved by the accumulation of total long gun, handgun, tactical, bow case, gun socks/gun sleeves and OEM-based business.

2020

50TH ANNIVERSARY

ALLEN Company celebrates their 50th anniversary of being in business and opens a new state of the art manufacturing facility and headquarters in Louisville, CO. This venture cements the company's future leading the outdoor industry with products that blend hard-earned value with visionary product design.
